How do I book a hunt, how much do you need as a deposit, what is the payment schedule?

A deposit of 25% of the complete cost is required to book a hunt. An additional 25% is required by January 10 of your hunt year then the final 50% balance is due by April 1 on spring bear hunts and August 1 for fall hunts. (Sometimes we can be flexible with this payment schedule, email us if you need a slightly different schedule to be able to come on the hunt.) We generally use an emailed contract and a check in the mail to book your hunt. We can also send the contract by fax or regular mail. Sorry but we can't take credit cards. Except for transferring deposits to a friend all deposits are fully non-refundable. The deposits cannot be transferred to a future year. A personal check can be used.

Mail payments to:

(check postage amount for mailing to Canada)

Are there additional fees besides the taxes, license, allocations listed above?

Yes and No, depending on whether you are driving or flying, whether you are bowhunting or rifle hunting and whether you kill or not. Here is a complete list of every possible extra fee:

- Flights or driving expenses to get to our area.
- Before or after the hunt hotel fee approx \$150 a day in Grande Prairie.
- Firearm import fee \$30.
- Liquor and extra snacks or soft drinks.
- Tips or Gratuities.
- Cost of getting antlers, cape, hides and meat home. Amount varies greatly depending on species and how much you are taking home.

What if I have to cancel my hunt, can I get my money back?

Sorry but No, you can send a friend to replace you but that is all, the deposit cannot be sent to another year or refunded back. The reason for this isn't for us to grab your money without giving you anything. It is because once we book you on a hunt we turn away all the other hunters that might be interested in that hunt. We also decide our advertising budget, our prices and many other budgetary concerns for the whole year on how many hunts we have booked, how many deposits we have. We can't suddenly change those things mid year. Most of our expenses are incurred before you even arrive for your hunt. If this is a big concern for you there are also companies that offer hunt deposit insurance. <http://www.travelguard.com/>
